Lorena - if you're showing land area, you should also show building area (if any) since these are the two factors on which San Pedro BID parcels are assessed. It would mean reducing the print size to squeeze in another column. This is why (outside of LA) I print the parcel/owner data on the reverse side in landscape mode to show as much data as I can for the benefit of the property owner reviewing the petition.

Subject: Request Approval of Sample Petition Signature Page

Greetings,

We are preparing to print the petitions in anticipation of our MDP and ER approvals.

Please review the attached petition and petition summary and let us know if there is any additional information that needs to be included before we start printing.

Thank you for your kind attention.

Best regards,

Lorena Parker
